

AA 1  
60/068,498, filed December 22, 1997, and entitled MOVING BED ELECTRODE FOR  
REMOVAL OF METAL IONS FROM PROCESS WASTEWATERS.--

7  
REMARKS

The specification, has been amended to refer to a related provisional application from which priority is claimed. None of this amendment is believed to involve any new matter. Accordingly, it is respectfully requested that the foregoing amendment be entered, that the application as so amended receive an examination on the merits, and that the claims as now presented receive an early allowance.

Respectfully submitted,
